CENTENNIAL JING-ZHANG · ONE RIDGE, THREE COMMONS, FIVE GARDENS

Jing-Zhang is the engineering spine; gardens are space; academy culture is spirit; Zhongguancun innovation is the operating system.

THE JING-ZHANG KNOWLEDGE RIDGE

From the self-built Jing-Zhang Railway to a common future: a low monumental canopy gives Haidian an unrepeatable silhouette.

LAND USE | RETURN ZHONGGUANCUN INNOVATION TO THE CITY

01 / CIVIC CONSTELLATION

Six continuous bands plus three Haidian civic prototypes, never gated campuses

International exchange + services	158.8 ha
Agent + device R&D	200.9 ha
Talent living + community	198.7 ha
Open R&D + transfer	187.6 ha
Heritage park + public green	176.9 ha
Full-stack AI R&D	218.3 ha

01 ZHONGGUANCUN OPEN WORKS

24-hour making, real problems, robot trials, public prototypes and failures.

RECALCULABLE, CHALLENGEABLE, CONTINUABLE

Every known metric comes from geometry; missing planning and engineering controls remain unknown.

CORE METRICS | RECALCULATED FROM GEOMETRY

Design-model values, not statutory controls; recalculate after official polygons arrive

01 / CIVIC CONSTELLATION

BOUNDARY → DESIGN LAYERS → AREA RECALC → METRICS → PDF/HTML

All values are design-model results on provisional boundaries; FAR, height, density and setbacks remain unknown without official controls.
